

§ 80.12

comprehensive fish and wildlife management plan or grant proposal.

(a) Each application must contain such information as the Regional Director may require to determine if the proposed activities are in accordance with the Acts and the provisions of this part.

(b) The State must submit each application and amendments of scope to the State Clearinghouse as required by Office of Management and Budget (OMB) Circular A-95 and by State Clearinghouse requirements.

(c) Applications must be signed by the director of the State fish and wildlife agency or an official delegated to exercise the authority and responsibilities of the State director in committing the State to participate under the Acts. The director of each State fish and wildlife agency must notify the Regional Director, in writing, of the official(s) authorized to sign the Wildlife and Sport Fish Restoration Program documents, and any changes in such authorizations.

§ 80.12 Cost sharing.

Federal participation is limited to 75 percent of eligible costs incurred in the completion of approved work or the Federal share specified in the grant, whichever is less, except that the non-Federal cost sharing for the Commonwealths of Puerto Rico and the Northern Mariana Islands, the District of Columbia, and the territories of Guam, the U.S. Virgin Islands, and American Samoa must not exceed 25 percent and may be waived at the discretion of the Regional Director.

(a) A minimum Federal participation of 10 percent of the estimated costs is required as a condition of approval.

(b) The non-Federal share of project costs may be in the form of cash or in-kind contributions.

(c) The non-Federal share of project costs may not be derived from other Federal funds, except as authorized by specific legislation.

50 CFR Ch. I (10-1-09 Edition)

§ 80.13 Substantiality in character and design.

All projects proposed for funding under the Acts must be substantial in character and design. A substantial project (for fish and wildlife purposes) is one which:

(a) Identifies and describes a need within the purposes of the relevant Act to be utilized;

(b) Identifies the objectives to be accomplished based on the stated need;

(c) Utilizes accepted fish and wildlife conservation and management principles, sound design, and appropriate procedures; and

(d) Will yield benefits which are pertinent to the identified need at a level commensurate with project costs.

§ 80.14 Application of Wildlife and Sport Fish Restoration Program funds.

(a) States must apply Wildlife and Sport Fish Restoration Program funds only to activities or purposes approved by the Regional Director. If otherwise applied, such funds must be replaced or the State becomes ineligible to participate.

(b) Real property acquired or constructed with Wildlife and Sport Fish Restoration Program funds must continue to serve the purpose for which acquired or constructed.

(1) When such property passes from management control of the State fish and wildlife agency, the control must be fully restored to the State fish and wildlife agency or the real property must be replaced using non-Federal funds not derived from license revenues. Replacement property must be of equal value at current market prices and with equal benefits as the original property. The State may have up to 3 years from the date of notification by the Regional Director to acquire replacement property before becoming ineligible.

(2) When such property is used for purposes that interfere with the accomplishment of approved purposes, the violating activities must cease and any adverse effects resulting must be remedied.
